Co-Convenor
Prof. Atvir Singh

Co-Convenor
Prof. Dinesh Kumar

Organizing Secretary
Prof. Sanjeev Kumar

ABOUT THE CONFERENCE

The contemporary global economy is undergoing profound structural transformations driven by technological change, demographic shifts, climate challenges, evolving trade relations, and rising concerns over inequality and sustainability. While economic growth remains a central objective for nations across the world, it is increasingly recognized that growth alone is insufficient unless it is inclusive, equitable, and environmentally sustainable. Against this backdrop, the proposed International Conference on Economic Growth, Equity, and Sustainable Development in a Changing Global Economy seeks to provide a multidisciplinary platform for scholars, policymakers, practitioners, and development professionals to engage in critical dialogue on the pressing economic and social challenges confronting the global community. This conference aims to bring together academics, policymakers, industry experts, and development practitioners from around the world to discuss pathways toward achieving inclusive economic growth, social equity, and environmental sustainability. The conference also aims to foster informed discussions on how economies can navigate uncertainty while promoting shared prosperity and achieving long-term development goals. By bringing together diverse perspectives from economics, development studies, public policy, environmental studies, and allied disciplines. The conference intends to generate evidence-based insights and policy-relevant recommendations aligned with global development priorities, including the United Nations Sustainable Development Goals (SDGs). The event will serve as a platform for sharing research, policy insights, and innovative practices that contribute to sustainable global development.

OBJECTIVES

- To examine the interlinkages between economic growth, social equality, and environmental sustainability.
- To present research and policy frameworks that promote inclusive and sustainable development.
- To encourage collaboration among scholars, policymakers, and practitioners.
- To identify actionable strategies for achieving the Sustainable Development Goals (SDGs).

CONFERENCE THEMES

Theme 1: Sustainable Economic Growth in Changing Global Economy

Theme 2: Equity, Inequality, and Inclusive Development

Theme 3: Global Trade, Finance, and Development Policy

Theme 4: Innovation, Technology, and Green Economy

Theme 5: Demographic Transition, Health, and Economic Development

Theme 6: Migration, Sustainable Urbanization, and Development Outcomes

Theme 7: Sustainable Development, Climate Change, and Environmental Governance

Theme 8: Achieving the Sustainable Development Goals (SDGs)

Note: These themes are indicative; the participants can submit their papers on any aspect of the theme

ABOUT THE UNIVERSITY

Chaudhary Charan Singh University (formerly, Meerut University) is a public state university located in Meerut, Uttar Pradesh, India. It was established in 1965, to cater to the needs of higher education in Western Uttar Pradesh. The University celebrated its golden jubilee in 2016. It has been accredited with an A++ grade by the NAAC. Times Higher Education World University Rankings 2026 placed the university in the 1201–1500 bands globally. It was ranked in the 151–200 bands among Indian universities in India and achieved a notable 41 rank among state public universities in India in NIRF ranking 2025. QS Asia University Rankings 2024/2025 has ranked in the 701–750 band in Asia and around 219 in Southern Asia.

Presently, it is one of the premier educational institutions of the country encompassing a vast, beautiful and pollution-free campus which sprawls over 222 acres of land having vast playgrounds and experimental fields, botanical garden, rose garden with life-size statue of the late Prime Minister Chaudhary Charan Singh, Gymnasium, Indoor Stadium, well equipped Library, Hostels for both girls and boys, Administrative Block, Spacious Auditorium, Guest House, Community Center, Medical Center, Residential Quarters for faculty members and employees, Canteen, Bank and Post office. The teaching department belonging to different faculties, are housed in spacious buildings and have well-equipped laboratories and advanced facilities. The University has always been proud of its alumni who are occupying high positions of great responsibilities and distinction in educational and research institutions in India and abroad.

ABOUT THE DEPARTMENT

The department of Economics was established in 1977 with the objective of promoting post-graduate studies and research in Economics with special thrust on emerging areas in theoretical and applied Economics. The Department of Economics with its team of well-qualified and experienced teachers provides a thorough and in-depth training in theoretical and applied economics through its various courses of study. The main objective is to develop skilled manpower capable of analyzing economic problems at different levels of sophistication and suggesting solutions in terms of policy. The students of the department have been well received in the job market and their performance in terms of the success rate at different national examinations has always been above average. The department thus has been coordinating programmes of BA (Honours) Economics, Master in Economics and Ph.D. covering various areas of academic interest.
